

RIVERINA PLANT OPERATORS SCHOOL

ABN19471511851

RIIWHS204D WORK SAFELY AT HEIGHTS

APPLICATION OF THE UNIT

This unit describes a participant's skills and knowledge required to work safely at heights in the Resources and Infrastructure Industries. This unit is appropriate for those working in operational roles where they are required to perform work at heights. Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

ELEMENTS ADDRESSED IN TRAINING

- Identify Work Requirements
- Identify Work Procedures and Instructions
- Access and Install Equipment
- Perform Work at Heights
- Clean Up Work Area

DELIVERY OF TRAINING

Training is delivered over a one day period including both theory and practical components through a face to face classroom environment and practical experience in a supervised outdoor environment. Upon successful completion of this unit, participants will be issued with a Statement of Attainment. Course Pre-Enrolment Information is available on our website or can be obtained from our office, and/or emailed or posted to you.

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.

A Statement of Attainment is issued when an individual has completed one or more accredited units
