

RIVERINA PLANT OPERATORS SCHOOL

ABN: 19 471 511 851
RTO ID: 40767

TLILIC4009 LICENCE TO OPERATE A SLEWING MOBILE CRANE (UP TO 60 TONNES)

COURSE OBJECTIVE

This unit specifies the skills and knowledge required to safely operate a slewing mobile crane with a capacity up to 60 tonnes. Slewing mobile crane means a mobile crane incorporating a boom or jib that can be slewed, but does not include: a backhoe; or an excavator; or a front-end loader; or other earth moving equipment, when configured for crane operation

PREREQUISITE REQUIREMENTS

- Applicants must be 18 or older and able to speak and understand the English Language.
- Applicants must have at least a year 10 mathematical ability for working out calculations
- Protective footwear must be worn for commencement into the course.

APPLICATION OF THE UNIT

A person performing this work is required to hold a slewing mobile crane with a capacity up to 60 tonnes high risk work (HRW) licence. This unit requires a person operating a slewing mobile crane with a capacity up to 60 tonnes crane to plan work, conduct routine checks, set up crane, transfer load, mobile load and shut down and secure crane after operation

DELIVERY OF TRAINING

Training is delivered over a five—six day period including WorkCover Assessment depending on numbers in the course and covers both theory and practical components through a face to face classroom environment and practical experience in a supervised outdoor environment. Upon successful completion of this unit, participants will be issued with a Statement of Attainment and a WorkCover NSW Card

- **Plan Work**
- **Conduct Routine Checks**
- **Set Up Crane**
- **Transfer Load**
- **Mobile Load**
- **Shut Down and Secure Crane**

ELEMENTS ADDRESSED IN TRAINING:

Course Pre-Enrolment Information is available on our website or can be obtained from our office, and/or emailed or posted to you.

A Statement of Attainment is issued when an individual has completed one or more accredited units
